Laguna, Philippines

PROFESSIONAL SUMMARY

Passionate and detail-oriented Web Developer with over 4 years of experience specializing in full-stack web applications, responsive user interfaces, and custom digital solutions. Proven track record of translating complex project requirements into clean, scalable, and high-performing web tools. Skilled in bridging frontend aesthetics with efficient backend logic to deliver exceptional digital experiences.

CORE COMPETENCIES & TECHNOLOGIES

Frontend: HTML5, CSS3, JavaScript, TypeScript, React, Next.js, Responsive Design

Backend: Node.js, RESTful APIs, SQL, WebSockets, Database Architecture

E-Commerce & SaaS: Stripe Integration, CMS, Design Systems, Analytics Dashboards

Tools & Practices: Git, Version Control, Webhooks, User Authentication, SEO

WORK EXPERIENCE

Junior Web Developer — Leads Inc.

2024 – Present

- Develop and maintain full-stack web applications with a focus on responsive UI and robust application logic.
- Engineer custom interfaces and modern component workflows to optimize overall user engagement.
- Integrate RESTful APIs, payment gateways, and backend database structures across multiple client platforms.
- Collaborate on continuous product updates, performance tuning, and proactive maintenance after deployment.

FEATURED PROJECTS

E-Commerce Platform

React, Node.js, Stripe

- Engineered a full-stack e-commerce application featuring payment gateway integration, live inventory management, and intuitive checkout flows.

Task Management Application

TypeScript, REST API, SQL

- Designed and built a real-time collaborative workspace app complete with interactive progress dashboards, team workspaces, and task tracking.

Cryptocurrency Dashboard

JavaScript, WebSockets, Charting Libraries

- Created a dynamic analytics dashboard providing real-time price updates, portfolio visualizations, and custom market alerts.

EDUCATION

Master of Information Technology — LSPU-LB

2025 – Present

Major in Web & Mobile Application Development

BS in Information Technology — LSPU-LB

2020 – 2024

Major in Web & Mobile Application Development
